

Big changes don't have to mean big price tags! Small, free, and low cost changes can often have a big impact on classroom accessibility. Schedule a consultation today to learn what changes you can make to increase inclusivity in your classroom.

**Who benefits: Everyone!**

**Schools** - help parents, students and teachers feel a sense of belonging at your school

**Students** - feel like they belong in a classroom when it's designed with them in mind

**Teachers** - experience less disruptive behavior when classroom environments, activities and routines are designed to promote calm learning

**Parents** - can use effective strategies recommendations at home

**Session Cost: 4 sessions - \$300**

**First session** - skilled classroom observation and teacher interview

**Second session** - review and discussion of effective strategies with classroom staff and offer update and adjustments as needed

**Third session** - review and discussion of effective strategies with parent and offer updates and adjustments as needed

**Fourth session** - follow up with classroom staff and parents to make final adjustments as needed
